H. C. BROWN SPEAKS BEFORE MINISTERS

On the Subject of a
Young Man's Spare
Time.

PAPER IS LISTENED TO
WITH GREATEST INTEREST

Report On Rescue Work Done By
Anti-Saloon League—Waifs
Taken From Bad Sur-
roundings.

The regular semi-monthly meeting of the Ministerial Union was held this morning at 10 o'clock in the parlors of the Central Union Church. Rev. O. H. Guilek presided and called the meeting to order.

The meeting began with a prayer offered by Mr. Andrews. Rev. W. H. Rice then spoke of certain rescue work which has just been done by the Anti-Saloon League, of which Mr. Rice is the superintendent. The legal committee of the league has recently in several cases rescued children from highly improper surroundings and are now in the hope of sending the poor little waifs to Kona. Rev. E. O. Hushaw reported on the work done in the Kakaako mission which has just been started. Rev. H. Bingham mentioned the fact that the American Board of Missions is at present considering the transfer of the missions on the Caroline and the Gilbert Islands to the German and British missionary boards respectively.

The speaker of the day, Henry C. Brown, secretary of the Y. M. C. A., read an interesting paper on the subject, "A Young Man's Spare Time," of which the following is a part: "A young man spends more than one-third of his ordinary day in laboring, more than one-third sleeping and eating, leaving less than one-fourth which could be called spare time, but I believe that it is the way the brief spare time is used, rather than the work hours, that determines what a young man is and is going to be. It is generally true that what one reads, thinks and does in his free time before he is 25 years of age, settles his future. His spare time, which he uses as he chooses, is his making or unmaking."

"Let us look into the question of where he finds young men who have left home influences and what their surroundings are apt to be."

"Carroll D. Wright, the best-known statistician, made enough investigations to be able to say that of young men between the ages of 15 and 35, 46 per cent are boarding away from home. In cities of 25,000 and over

(Continued on page 4.)

EWA HAS NO PEER IN THE SUGAR YIELD

Editor Evening Bulletin:—It is stated in your paper of the 4th inst. that the Olua Sugar Co. now holds the record for the Hawaiian Islands for the largest amount of sugar turned out in one week. This is a mistake.

The record of 1233 tons is held by the Ewa Plantation Co., which is 178 tons more than the amount claimed by the Olua Sugar Co.

While Olua shows a worthy ambition in the matter of record, it might be well for it to bear in mind that the Ewa mill is still doing business at the old stand, and is ready to meet any and all competitors.

Yours truly, EWA.

Ewa Mill, May 5, 1902.

WARD AND THE ELKS

The local Elks have just received from Frederick Ward a receipt for \$50 which represents the sum paid by the lodge for the Opera House on the night of May 22 when Ward and his company will play "The Lion's Mouth." The night will be made especially an "Elks' night" and Ward himself will make an Elks' speech suitable to the occasion.

A LINGUIST'S "AD."

The following advertisement of a language teacher, which can be seen in a store window on Nuuanu street, best shows the superior facilities of the linguist:

WAIKIKI ROAD CHANGES

C. W. ASHFORD PROTESTS
AGAINST DESTRUCTION

Beautiful Palms Wiped Out Under
Name of Improvement—Inconsistency Briefly Pointed Out—
Spare the Trees.

Editor Evening Bulletin:—In protesting, as I do, against the proposed program for the widening of the Waikiki road, I wish to premise my protest with a disclaimer of any interest, personal or professional, in the matter in hand other than such as inheres in the fact of residence in this Paradise of the Pacific. As for the two corporations involved, I have absolutely no interest in either promoting or obstructing the plans of the one or the other, except as those plans may promote or impair the public good.

The situation as to the desired rapid transit facilities to and from Waikiki may be thus summarized: There are two traction companies in the field, each eager for the privilege of building the road and serving the people. One of these companies has a horse-car line already in operation over the greater and most important part of the route. This company, having slept upon its formerly granted right to install electric traction, is now denied that privilege, despite the crying need for that convenience. But the public, represented by the "powers that be," come of whom are unfortunately open to the imputation of material interest on the side of the competing company, now propose to purchase, at the public expense, involving many thousands of dollars, sufficient of the costly real estate bordering the Waikiki road to admit of a duplication of roads, and to present this land in effect to the corporation which is competing with the established line for the privilege.

It does not require the eye of a commercial sage to detect the unbusinesslike character of such a transaction, even if it be as perhaps it is, free from the suggestion of interest on the part of its promoters. To pay thousands in order to present to one company a privilege which another established line is begging for the opportunity to exercise, seems to me as falling far short of either business or political consistency.

But a question dwarfing the merely material one of dollars and cents is that of the route and detailed courses selected for the proposed "improvement." Having viewed somewhat critically the proposed line, as indicated by the rows of "poi flags" there standing, it would appear that the surveyors' chief aim was to destroy the picturesque palms along the route, wherever they could be reached by the blight of rapid transit.

To one who has eyes, with a soul behind them, the proposed destruction of the palms in question must cause groans of regret. Where only one side of the road is now adorned with those verdant, feathery emblems of our tropic clime, the intelligent and aesthetic surveyor has reached out to that side, to draw the lovely trees within the ruin. But where, as happens in at least two different localities and for considerable distances) there are palms on either side which may be destroyed, the sentence of destruction has gone forth, and the line of widening has been so placed as to bring everything "in sight" within the sacrifice.

Such a course, proposed in those localities where the glory and the grace of the land is in its palms, is something worse than merely stupid. It would be criminal if it were demonstrated (as seems, from the facts, doubtful) that the vandals are compos mentis. The ardor of an Irishman at a fair, reaching with his black-thorn for every head in sight, seems to find a re-expression under conditions of less reason and sanity, in the furious determination of our "progressists" to "improve" the principal charm of the Waikiki road out of existence.

The remedy may lie in a scrutiny of the proceedings for condemnation. It would be a marvel if persons showing so little capacity for an intelligent improvement should be found to have proceeded in all respects as the law provides. There should be a storm of protest against the vandalism proposed by them.

"Woodman, spare that tree"—and all the rest of the grove.

THREE JUDGES SAT TOGETHER

At Opening of May Term
of First Circuit
Court.

LABORS OF GRAND JURY
BEGIN ON MONDAY NEXT

Answers of Two Defendants in Rapid
Transit Case—Motion For Judg-
ment—Demurer to
Declaration.

First Judge Humphreys and Second Judge Gear sat with Third Judge Robinson, presiding, at the opening of the May term of the First Circuit Court this morning. There was a large attendance of attorneys. The calendar blank 268 cases indexed, with space left blank for many more. The trial jury is to appear tomorrow, but the grand jury not until Monday next.

Hatch & Silliman have filed the answer of James S. McKee to the complaint of Lee Yin et al. against himself, the Waikiki Land & Loan Association and the Honolulu Rapid Transit & Land Co. He claims that the W. L. & L. A. has been for all the year last past and is now entitled to the exclusive possession of the premises in dispute, and that his entry thereon is solely under a contract made with that corporation. An answer of the Waikiki Land & Loan Association says practically the same thing, the defendant relying on its title in fee simple and a contract with McKee, Wilder & Robertson for plaintiff, in the case of John Kidwell vs. Frank Godfrey, give notice of motion for a decree pro confesso against defendant for failure to plead, answer or demur to the bill of complaint since the case was remanded to the Circuit Court for further proceedings in accordance with the decision of the Supreme Court.

C. W. Ashford for defendants, in the case of F. Wendenburg, trustee, vs. George Markham and J. H. Cummings, has entered a demurrer to the declaration. The document is represented as being ambiguous in not setting forth the kind of title claimed by plaintiff in the land therein mentioned, in not describing with legal certainty the premises, in not showing how the plaintiff became the trustee, etc.

MR. BALDWIN'S PRESENT

By the Claudine yesterday, Captain Berger received a check for \$100 from H. P. Baldwin, accompanied by the following self-explanatory letter, showing a most commendable public-spirit:

Puunene, Maui, May 2, 1902.
H. Berger, Esq., Bandmaster, Honolulu.

My dear Sir:—I herewith enclose you a cheque for \$100 for yourself and the band boys, as a little token of my appreciation of your services while here on Maui.

I would have sent this to you last week, but was away from home when the steamer left Kahului.

Yours sincerely,

H. P. BALDWIN.

Captain Berger has divided up the money so that each of the twenty-eight men and two women will have \$2 apiece.

RECORD HELD BY EWA

Editor Evening Bulletin: In the Sunday Bulletin you have the following: "The record of No. 1 sugar that was ever made in a stated time in the Hawaiian Islands is now held by the Olua Sugar Company." The record is claimed at 1055 tons for five days nineteen hours. Well, from a sugar man's point of view, the man that wrote that is certainly behind the times. Why, we are beating that every week at Ewa. Last week we turned out 1222 tons of sugar polarizing over 97 in five days sixteen hours. Before anyone on these islands writes claiming records for sugar-house work, let him first come to Ewa, where we will be happy to prove to him that for quantity as well as quality this year we are beating the world. We have now off nearly 17,000 tons. The crop will go over 2000 tons above the estimate of 30,000 tons.

SUGAR-BOILER.

The big freighter Alaskan, Captain Captain Banfield, of the American-Hawaiian line, sailed about 5 o'clock yesterday afternoon for Kahului. From Kahului she will go to Hilo, to complete her sugar cargo for New York. She took about 2000 tons of sugar from this port. Her total cargo will amount to over 12,000 tons.

THE BEGINNER.

Uncle Sam: "Now look out, old man! This is where I let go."—Minneapolis Journal.

A BRIGADE FIELD DAY CAUGHT TEN GAMBLERS

CENTRAL COMMITTEE MEETS
AND ARRANGES FOR 30th

Events to Take Place at Kapiolani
Park—Keen Competition
Between Contesting
Clubs.

At a meeting of the Central Committee of the Republican party in headquarters Saturday night, the meeting was practically unanimous in the opinion of open primaries and a motion to such effect was carried. There will be a stated time for the closing of the time for the filing of nominations but there will be no time limit placed on the Republicans who wish to vote at the primaries. There will be another meeting of the committee Wednesday night.

The Central committee of the Boys' Brigade held a meeting last week at which it was decided to have on May 30 a regular field day for the boys of the Brigade. An athletic committee consisting of A. M. Cheek, A. B. Clark and W. W. Harris was appointed and also a general committee consisting of J. D. Waldron, Moses K. Nakulua and H. C. Pierce.

It has not yet been decided upon which grounds the field day will be held, but if the Kapiolani Park grounds are available it is probable that the events will take place there.

The field day will include the usual sports, the clubs from Punchbowl, Kakaako, Palama and Kaula entering in the contest for the prize, a find silk banner. This banner is at present in the possession of Palama club which won it last year, the Kakaako club having won it the year previous. As the banner is to go permanently to the club which wins it this year there is a very keen competition between the Kakaako and Palama clubs. The latter is being assisted by the Kalihl club which has joined it for the contest.

In the morning of the same day and at the same place there will be a competition for a silk banner which is at present being made by the Hawaiian Woman's Club. The events, to which no admission will be charged, are being looked forward to with much expectation by the boys who belong to the Brigade.

SEATTLE BEER.

The ever popular Rainer Beer is just as much a favorite as ever. It is on draught at the New Criterion Saloon as it was at the old. The longer it is used the better it is liked.

HIGH SHERIFF IN KAU

Deputy Sheriff Chillingworth received a letter from High Sheriff Brown by the Kihau Saturday which stated that the latter would be back on the 10th inst. The letter was written from the Volcano House, April 24.

A letter from a Kau resident stated that High Sheriff Brown had been in the Kau district several days as the guest of Mr. and Mrs. Julian Monserat at Kapapala ranch and that during his stay in the district, he had investigated thoroughly all matters connected with the recent murders and other infractions of the law there.

FILLING IN LAND.

Workmen are at present busy filling up the low land at the corner of River and Heratania streets next to the site of Kaunakapili church. Temporary tracks have been laid on which the well known wheezy little engine, which was used in the filling up of the Aala park ponds carloads of fat, oozing mud from the dredger.

TO WATCH BANKRUPTS KOHALA CAPITALISTS

JUDGE ESTEE UTTERS
A WARNING IN COURT

Suspicious Bankruptcies Have Gone
Through—Briefs To Be Filed
In Honolulu Plantation
Company's Case.

Judge Estee uttered a warning in the United States District Court this morning, to the effect that henceforth he would give rigid scrutiny to cases of involuntary bankruptcy. There were two cases last month about which the court felt suspicious. In one the schedule of debts amounted to about a thousand dollars and that of assets nothing, but the court had heard that the bankrupt did have some property. Hereafter full proof would have to be made of the affairs of a petitioner. The judge specified Chinese and Japanese cases particularly as requiring vigilance on behalf of honest creditors.

Albert E. Nichols, represented by W. L. Whitney, was declared a voluntary bankrupt.

Publication of summons was ordered, at the request of L. A. Dickey representing the petitioning creditors, in the involuntary bankruptcy case of Chan Chock Chee et al.

In the involuntary bankruptcy of Y. Fujitani a motion of Mr. Peters representing the petitioning creditors for an attorney's fee of \$150 was taken under consideration.

K. Taketa having filed a denial to the petition to place him in bankruptcy the case was set for hearing next Monday. Frank E. Thompson for the creditors; F. M. Brooks for the respondent.

In the matter of motion for a new trial in the Pearl Harbor condemnation suit of United States vs. Honolulu Plantation Co., counsel on both sides saved lung power and valuable time by stipulating to submit the motion, pro and con, on briefs within five days. J. J. Dunne appeared for the plaintiff, and Hatch & Silliman for defendant.

The weekly edition of the Evening Bulletin gives a complete summary of the news of the day.

ORGANISE A CORPORATION
TO DO MANY THINGS

Begin With Nominal Capital But Take
The Privilege of Increasing the
Stock to Three Million
Dollars.

Articles of association have been filed under the name of The Kohala Investment and Commercial Company, Limited, with a capital of one thousand dollars, divided into shares of the par value of \$10 each, and privilege of increasing it to three million dollars. The term is for fifty years and the principal office shall be in Kohala, though the corporation may establish offices elsewhere within the Territory as its business may from time to time require.

The objects as summarized from the articles are to engage in agricultural work, buy and sell agricultural products and convert these into manufactured products; to deal in merchandise, maintain stores, etc.; to acquire, maintain and operate water rights, pumping plants, etc.; to deal in lands, privileges or franchises in the Territory of Hawaii; to acquire, build, charter, lease or own steamships, vessels, docks, and operate shipping between ports of the Hawaiian Islands and other ports; to deal in the shares of other corporations, and to do and transact any act or business, agricultural, mercantile, mechanical or otherwise which may be necessary, useful or convenient to the business of the corporation or to any portion of said business.

The officers are: Jno. Hind, president; Robt. Hall, vice president; T. S. Kay, treasurer; Howard R. Bryant, secretary; W. P. McDougall, auditor. Each of the officers have subscribed for ten shares of the stock, also each of the following named: H. L. Holstein, Jas. Sakai, G. P. Tulloch, James Renton and H. H. Renton.

A good chance for lady canvassers is offered by the Du Ring Co. See Wants on page 8.
